

Dear Sirs,

Due to the current situation and threat posed by the COVID-19 pandemic, UNICEF is working to fight the coronavirus. UNICEF requires, now more than ever, flexible and timely funding so it can be allocated quickly to where it is most needed.

UNICEF helps globally

Good handwashing with soap and hygiene practices are essential to reduce transmission and exposure to the coronavirus. Unfortunately, only 3 in 5 people worldwide have access to safe water and sanitation at home. 40% of world population, or 3 billion people, having no safely managed sanitation and 75% of them live in developing countries. The poorest and most vulnerable people are at a greater disadvantage, therefore UNICEF Poland encourages to purchase below-listed "Inspired Gifts", so everyone has an equal chance to survive.

Now more than ever we need your support to reach children and pregnant women, wherever they are to provide them with basic hygienic products and stop the spread of the virus.

We have already supplied 15 million tons of hygiene items and an additional 55 million tons has been ordered. We deliver these products up to 48 hours to places around the globe where they are most needed. UNICEF provides comprehensive help – we not only provide hygiene supplies, but also medical equipment, protection for health workers, as well as psychological support and education for children and young people.

Many actions have been taken already to mitigate the impact of COVID-19, however there are still many challenges to tackle. Join UNICEF Poland and help with us! "Inspired Gifts" are donations, which allow UNICEF to provide essential life-saving and health-supporting products to those who need them most.

**Hygiene kit for 25 people = 1 343 PLN**

The hygiene kit includes sealable water bucket, water purification tablets, detergent, toothbrushes and toothpaste, soap, shampoo and personal hygiene products.

5 hygiene kits for 125 people = 6 715 PLN**10 hygiene kits for 250 people = 13 429 PLN****20 hygiene kits for 500 people = 26 858 PLN****Soap for 1000 children = 1 034 PLN****Soap for 2000 children = 2 068 PLN****Soap for 5000 children = 5 170 PLN****Protect a Health Worker Kit = 169 PLN**

title: COVID-19

Let's support each other and remember that we have a common goal.

Thanks to our cooperation, moments of necessary isolation can become the moment of our unification!

We encourage you to check the latest COVID-related information on [UNICEF webpage](#).

Many people look for reliable information to learn how to protect themselves and their loved ones from infection. Unfortunately, there are plenty of false or misleading coronavirus claims. That is why we have launched the [unicef-koronawirus.pl](#) page (in Polish), where everyone can find reliable and credible information based on the latest scientific evidence, said Marek Krupiński, Executive Director of UNICEF Poland.

In case of any questions or concerns, please do not hesitate to contact us via email: biznes@unicef.pl.
